-- On the other hand, in the case of a document to be transmitted overseas, the table (stored in the management server 115) shown in FIG. 46 is referred to, and it is determined whether or not the document is to be restricted in overseas transmission. If not, the document is transmitted overseas in step S4708. When [it is] a document is to be restricted, it is determined in step 4704 whether or not a predetermined period has passed from the application date because there [is] are regulations [of] in the U.S. Patent Law stating that the restrictions expire if six months have passed from the application date. If the predetermined period has passed, the document is transmitted overseas in step S4708. --.
